ROTARY CLUB OF BEAUMARIS WEEKLY BULLETIN | Number 3 18 July 2022

President's Piece

On Sunday morning we managed to plant 200 native shrubs and ground cover plants along a 500-metre stretch of the Black Rock foreshore. We were helped by members of Mordialloc Rotary, the Scouts and Sea Scouts and some members of the local community. Thanks to Malcolm Sawle for organising the event and to all the members who turned out to help (photos page 4).

Our "hands on" activity next month will be packing gifts for Impact, the family and domestic violence charity. They are now based in Sandringham and are one of the community organisations we are supporting this year. If you want to join us, contact Di Zarro, there may be some places left for our August 14th session. If you have a hands-on project that you would like the club to be involved in, please let me know.

Our Christmas in July evening was a great success, good food and good company. Thanks to Megan Glenwright and Shirley Mirams for all the work they put in. It was good to see Roy dressing up in something other than a dress! We will look at using the Black Rock Sailing Club as a venue for informal meetings. .

My appeal in In Gear last week for a volunteer to take on the role of Club Photographer did not produce any response, so the position is still open. Please help out if you can. Many thanks to Honorary Member Greg Every for filling in at the Sailing Club.

We also have another important vacancy. We need a Club President to follow Dr Denise Grocke in 2024 – 2025. If you would like to nominate for this role please let me know. You don't have to be a long serving member to be President. I was President 4 years and 3 months after joining the club. If you are a Past President and would like another go, that's fine too. In fact, I am told it can be a lot of fun.

We held our first board meeting last Tuesday evening; the minutes and associated papers should shortly be available on the website. We agreed to accept the budget for 2022 - 2023 as proposed by James Glenwright, noting that there was a $16,000 difference between what we wanted to spend and the estimate of our income. We have a big enough carry over in the project account to cope with this but we need to leave a reasonable amount for Denise and her team to start 2023 – 2024. So we need to look for ways to add income through specific fund raising activities. We also approved the strategic plan which has now been circulated to members and the Club Goals for 2022 – 2023. More on the budget and goals at our meeting on Thursday.

Future Events Calendar

On Friday evening Lynda, James and Trish attended the launch of the DISTRICT 9810 March 2023 Canberra Conference. (Not to be confused with the Rotary International Convention being held here in Melbourne in May 2023). Lynda will provide an update for members next month.

Our meeting on Thursday is a club information night with presentations from the three service committees and if there is time, I plan to do a show and tell about what's available on the My Rotary Website. The following week is our District Governor visit. We have a large number of members on holiday at the time so if you can come to the meeting please do so and support the club.

Have a good week and keep safe,

President Chris

Market Roster. August and September.

With only Black Rock Market now operating and we've become familiar with EFTPOS - Tablet/Square readers, we no longer need Team Leaders. I will be at every market to show new members how to use The Squares and deal with RFM people as well as help set up/pack up our marquee with TRANSPORTERS Viv & Mark.

Other than Viv, Mark & myself being at our 7:30 start, we now require two Gatekeepers (2 each on two shifts) plus the support of one other volunteer to assist in the set up and put out 4 wheelie bins between 7:30 - 8:30. At 10:30 the second shift commences with two replacement gatekeepers until close with one other volunteer to help with pack up and putting the 4 bins back at from 12:30 until close. I've detailed these roles in the attached Rosters.

IMPORTANT: IF you are Rostered AND YOU CANNOT DO YOUR ROSTER, FOR WHATEVER REASON, **PLEASE FIND A REPLACEMENT OR SWAP WITH ANOTHER CLUB MEMBER, THEN**, ADVISE ME OF WHO YOUR REPLACEMENT IS. Please do this as soon as you can.

Club News

The "Imagine Rotary" Logo. You have probably seen it but do you know what it represents?

The word imagine might be a simple word, a word that we use to see the things we want in our minds. For Rotary International President Jennifer Jones, it's about big dreams and fulfilling them. She wants Rotarians to create a better world using our imagination and act on it.

This logo was created in part to acknowledge the 2023 Rotary International Convention here in Melbourne. Each element of the design has a particular meaning. The circle in aboriginal culture for instance, signifies our connections to one another. The dots around it represent people and there are seven because of Rotary´s seven areas of focus. The circle and the dots together become a statement of what we do as Rotarians. The solid line underneath is what is referred to as a digging stick and it is used when doing hard work and since Rotary members are people of action – it represents a tool for getting things done.

The colours green, purple, and white are not necessarily connected to aboriginal culture. There are several ways to interpret the colours: Purple for example stands for polio eradication, green for the environment, the newest addition to our areas of focus, and white for peace, Rotary's core mission. Together, they are the colours of the women's Suffrage movement, – a subtle nod to this history as Jennifer pointed out, since she is the first female Rotary International President.

Tree Planting at Black Rock

Christmas in July

Our first fellowship event for President Chris's year was Christmas in July at the Black Rock Yacht Club. 40 members and partners braved snow and cold weather to attend this venue. Fellowship bloomed while gathering around the fire with wine in hand.

Santa managed to find his way there (thank you Santa Roy) and made sure all that had behaved this year received a gift.

Once again Shirley Mirams teased our brains with her quizzes. I cannot believe that two people got 100% correct and they needed extra questions. So, thanks Shirley for your effort to keep us thinking and entertained.

The meals were tasty and served in a timely fashion. I think the Pork won. The photos on this page are just a small selection to see more follow this link to our Club photo folder for this year:

Thanks to all that supported this fellowship night.

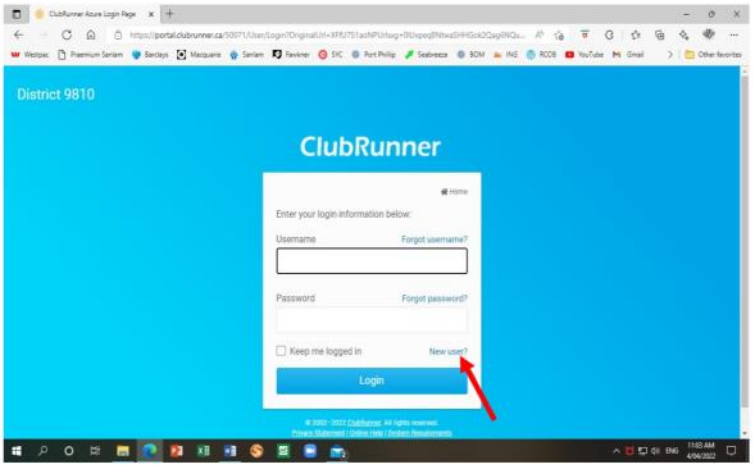
In the next Rotary year we will be making more use of the ClubRunner district wide data base. Members who already have a ClubRunner user name and who have downloaded the ClubRunner app onto their mobile device will know how useful it is.

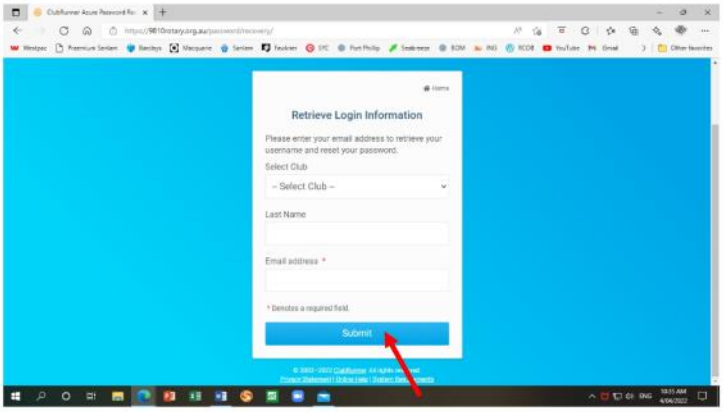
The good news is that everybody in our Rotary District 9810 already has a ClubRunner user name and temporary password. To retrieve your username go to the District Website at www.9810rotary.org.au and click on Member Login at the top right of the menu bar.

See link on last page

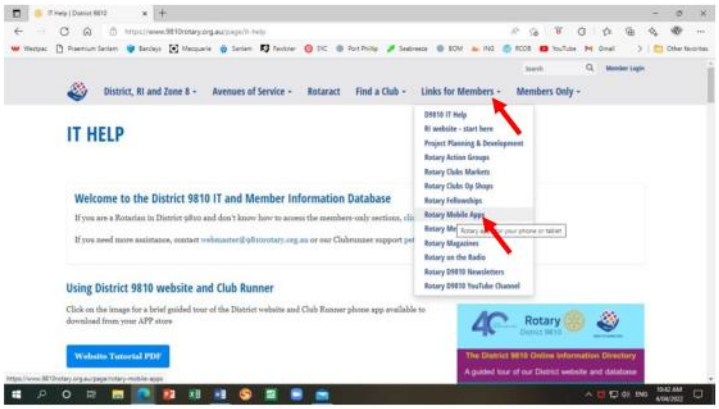
You will then see the ClubRunner dialog box. Click on New User.



You will then see the retrieve Login Information dialog box. Fill this out and the press Submit. Follow the instructions to retrieve your user name and temporary password which you will be asked to change. Make sure you keep a note of your username, temporary password and new password.



For information on downloading the ClubRunner mobile app to your smart phone or tablet go back to the front page of the District 9810 website, click on links for members and choose Rotary Mobile Apps.



The first item on the page that will open is information about the ClubRunner App, how to download it and a link to a a Youtube video giving a brief overview of the App. When you first open the App you will be asked to put in your ClubRunner Username and password. If you need help please ask. Enjoy
