Beaumaris Rotary Club  
31A Iona St  
BLACK ROCK VIC 3193

Dear Sir/Madam,

## Thank you for your support!

We are so grateful for the support you have given International Needs Australia (INA) and our partners this past year.

Together with your generous support, we have been able to help more marginalized women and children this past year who live at the edges in the nine countries where INA works. As the new INA CEO commencing this year, it has been an absolute honour and privilege to visit INA's programs in Uganda, Ethiopia, India and Nepal to see firsthand the impact your support has given this year. I have seen mothers and children receive effective maternal and child health care, children access essential education, and farmers receive much needed livelihood support so they can care for their families and provide them a sustainable future. None of this would have been possible without the generous support you have given that has not only improved the lives of the women and children we support but it has also produced ripple effects across whole communities.

## Thank you for your contributions which have been instrumental in creating this lasting change and hope in communities that need it the most.

This is your official tax receipt for your 2023/2024 financial year donations. Please check your statement and notify us if there are any issues. Please also retain this receipt for your tax purposes.

Yours sincerely

Dr. Andrew Catford  
Chief Executive Officer

Donor Name	Date	Tax Deductible Gift Amount	Receipt Number
Beaumaris Rotary Club	01/07/2023 - 30/06/2024	\$1,500.00	120743

*\*Please note that receipts for all donations (one-off and recurring) will be issued once a year in July unless requested.*

By partnering with INA, you enable children like Lester in vulnerable communities to **achieve their dreams!** Please read the story of Lester, a 7<sup>th</sup> grade student from Leyte, The Philippines, and know you play an essential role in positively changing the lives of children just like him.

Growing up on a farm was never easy for Lester, he had to study hard and be responsible for his younger siblings.

Most of the population in his town is made up of farmers. His father is a farmer, while her mother is a housewife and the combined income for the family is only AUD 500 per month and sometimes less, which is not enough to cover their expenses and adequately take care of their five children. The most challenging time comes when the family waits for the crops to be harvested. During those months they need to look hard for other means of income, such as pulling out weeds from farmland, applying fertilizer, and spraying pesticides for other farm owners.

Lester helps his parents on the farm on Saturdays and together with his older brother, he brings home the carabao from the farm every day after school. He knows the hardships of his parents, so he strives to do well in school and hopes to be a policeman in the future to help provide for his family. He is very thankful for the support that he receives from INA's ChildLink program. Despite the difficulties, he and his family remain resilient and have hope for the future thanks to the help they receive from INA and supporters like you.
